From Springer : Business Success in China before purchasing it in order to gauge whether or not it would be worth my time, and all praised Business Success in China:

China is the world's largest power region, achieving economic growth rates that exceed those of most industrialized countries. In this book practitioners of international companies are offered valuable insights and lessons from established and successful managers, academics and consultants. The book is divided into three parts:

"Opportunities and Challenges in China", "Strategies for Market Entry and Business Success" and "Practical Insights from China". It covers a variety of topics such as business strategies, branding, pricing, market research, legal constraints and successful business relations.
