I was already over it and now I'm sucked back into my own responsibilitiesBy Eliel J AustinMy preorder kept getting postponed by months. When it finally came out I felt that the only thing it did was congratulate me for already doing charity by buying the book. I don't recall any take-aways. I remember it stayed to look interesting towards the end, but by that time, I was already over it and now I'm sucked back into my own responsibilities. I would say use your time and resources elsewhere. Now, is the time to take advantage of feeling compelled to help. Just start doing stuff and asking questions, I guess. I don't know.1 of 1 people found the following review helpful.
