Almost every other nonprofit guidance book is tailored for "cause" nonprofits, which doesn't apply to us ... making us pay for much of a book we will not need at all. Written in clean, clear "English," this really touches not just the basics but the real issues the whole board needs to work, implement and maintain. Best reference book for our non-cause needs.1 of 1 people found the following review helpful. Indispensable for novice treasurers for non profitsBy klgarrWell written and organized. I am working as a bookkeeper for a non profit, and this book has provided guidance. Especially with new government oversight.0 of 0 people found the following review helpful. Five StarsBy Stephen B. Nonprofits enjoy privileges not available to other organizations. But these privileges come at a price: Nonprofits must comply with special IRS rules and regulations. This book covers what your organization must do to maintain its tax-exempt status. Practical, comprehensive, and easy to understand, *Every Nonprofit's Tax Guide* explains ongoing and annual IRS compliance requirements for nonprofits, including: a detailed look at Form 990 line-by-line instructions for Form 990-EZ; conflicts of interest and compensation rules; charitable giving rules; unrelated taxable business income rules; lobbying and political activity restrictions; nonprofit bookkeeping; other key tax rules. Whether you are just starting your nonprofit or are well established, you will find all the information you need to avoid the most common issues nonprofits run into with the IRS.
