Stuart Emmett, David Granville : Excellence in Inventory Management before purchasing it in order to gauge whether or not it would be worth my time, and all praised Excellence in Inventory Management:

Little has been written on the links between Inventory and Supply Chain Management, yet it is a critical component of all Supply Chains. This book explores and explains these critical links, and is intended for: bull; Professional managers in all supply chain roles and job positions.bull; Academics such as lecturers or students studying business

topics like procurement, logistics, distribution, and the supply chain. Students of professional institutes such as the Chartered Institute of Logistics and Transport, The Chartered Institute of Purchasing and Supply. The style of the book is direct, with little jargon. It covers all the basics, as well as providing detailed and wider discussions to encourage thought. Practical application remains a central theme, illustrated by the extensive use of case studies, application checklists and visual and graphic illustrations.

About the Author Stuart Emmett is CEO of Learn Change, a niche company that specialises in training and consultancy for Supply Chain Management, including Purchasing, Inventory, Transport, Production, Warehousing, Logistics, Customer Service, Business Analysis and all management processes. David Granville With a fascination for the practical application of statistics and an interest in supply chains, inventory management is a natural place to work. Following a number of years in line management, he moved into training and development and has spent 20 years working on assignments connected with Logistics and Supply Chain Management. His experience has involved working with manufacturers, retailers and logistics service providers, over a wide range of industries throughout the world. He established the People Development Group in 1990 and have led its growth into becoming the leading supplier of training and development services in the supply chain sector. One of the initial members of the team was Stuart Emmett. David has advised professional institutes and governments in the UK, Europe, South Africa and Asia on the development, design and implementation of professional qualifications using a competence-based approach.
