Rob Mundle : Fatal Storm: The 54th Sydney to Hobart Yacht Race - 10th Anniversary Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fatal Storm: The 54th Sydney to Hobart Yacht Race - 10th Anniversary Edition:

1 of 1 people found the following review helpful. Perfect Storm Revisited By KRB There's now an extra reason for looking forward to the holidays, the Sydney to Hobart, Australia race that begins on December 26. Our winter is

Australia's hurricane season, and the '98 race was caught in a maelstrom. There's pictures in the book and also on YouTube. If you are a fan of The Perfect Storm you'll love this book.0 of 0 people found the following review helpful. Slow at firstBy Ed HolstenWay too much detail about arrivals on dock for race and other races to keep the attention of a non sailing reader but I waded through that and got to the guts of the story. Could not put it down. Still struggled with descriptions only a sailor would understand about what happened on the boat and why but the rescues were so clear I could smell the salt spray.1 of 1 people found the following review helpful. Good read - about a tragic situation.By Steve WAnyone who is a sailboat skipper has nightmares over situations like this. Why did yacht "a" survive, and yacht "b" did not. Some of it has to do with construction - a number of the saliboats were of untried or unproven design. Perhaps because I'm a traditionalist, I like a deep displacement hull, with proven capabilities - problem is, that won't sail fast.

the Sydney to Hobart yacht race is one of the world's major sporting events. In 1998, it became one of the world's major sporting disasters. Six sailors tragically perished and numerous yachts sank or were badly damaged. the subsequent search and rescue operation was one of the most phenomenally accomplished peacetime effortsthe world has ever seen. In this fully updated edition to mark the 10th anniversary of the tumultuous race, Rob Mundle, one of Australia's leading journalists and yachtsmen, tells this story of challenge and survival with compassion, vigour and understanding. Drawing from extensive interviews with officials, crews, survivors and rescue service personnel, he relates like no other the calamity and triumph of the 1998 blue water classic. 'Mundle's portrayals of courageous sailors and heroic rescuers fighting for their lives are as vivid as any I have read.'- John Rousmaniere, author Fastnet, Force 10
