Jiazhuo G. Wang, Juan Yang : Financing without Bank Loans: New Alternatives for Funding SMEs in China before purchasing it in order to gauge whether or not it would be worth my time, and all praised Financing without Bank Loans: New Alternatives for Funding SMEs in China:

This book covers all important financial innovations for SME financing, and combines theoretical analysis and real

world practices employed in China's financial market. As China is increasingly becoming a key player in the global economy, the book helps readers gain a better understanding of the current structure and operation of, as well as future changes in, the Chinese economy. Given the high likelihood of RMB joining the IMF's SDR in the near future, this book offers a well-timed publication that will prove valuable for a broad readership, either as a reference book or as a guide to understanding, researching, teaching on and making business decisions about China and related issues.

From the Back Cover This book covers all important financial innovations for SME financing, and combines theoretical analysis and real world practices employed in China's financial market. As China is increasingly becoming a key player in the global economy, the book helps readers gain a better understanding of the current structure and operation of, as well as future changes in, the Chinese economy. Given the high likelihood of RMB joining the IMF's SDR in the near future, this book offers a well-timed publication that will prove valuable for a broad readership, either as a reference book or as a guide to understanding, researching, teaching on and making business decisions about China and related issues.

About the Author Jiazhuo G. Wang is a finance professor of School of Business, College of Staten Island, City University of New York, and a visiting professor of HSBC School of Business at Peking University (PKU) and a senior research fellow at SME Research Center at PKU. He is the co-author of the book "Who Gets Funds from China's Capital Market", published by Springer in 1/2014, and author or editor of several other in-writing business/finance books that will be published by Springer and Qinghua University Publisher in the next a few months.
