David F. DeRosa : Foreign Exchange Operations: Master Trading Agreements, Settlement, and Collateral (Wiley Finance) before purchasing it in order to gage whether or not it would be worth my time, and all praised Foreign Exchange Operations: Master Trading Agreements, Settlement, and Collateral (Wiley Finance):

1 of 1 people found the following review helpful. Great for the pro's who need to knowBy Bill SmithThis is the perfect book for any financial professional looking to understand the FX back office and the global standards used by financial institutions around the world. DeRosincluded even more perspective than I expected by telling the history of

FX operations and how the systems and standards evolved over time. Foreign Exchange Operations is a text for practitioners rather than students or casual readers. But for those who need to understand trading confirms, back office electronic messaging, and the agreements that govern these systems, you won't find a better book.

The ultimate nuts-and-bolts guide to foreign exchange operations The foreign exchange landscape is particularly risky since so much of the world is unregulated and takes place over the counter (off exchange). Brilliant traders and money managers who are profitable may find themselves underperforming, or worse, losing, simply because they failed to establish strong operations. In this book, David DeRosa provides industry players with everything they need for strong operational functions from all the types of trades to execution, master trading agreements, documentation, settlement, margin and collateral, and prime brokerage services. Contains vital work flow solutions for trading in the volatile foreign exchange marketplace Offers information for mastering the operational aspect of foreign exchange trading to help determine best partners such as prime brokers and others Written by David DeRosa a leading foreign exchange expert who has consulted to hundreds of financial institutions Foreign Exchange Operations helps traders mitigate risks and offers a guide to all aspects of trading operations from mastering trading agreements to margin documentation.
