**Adam Kritzer : Forex for Beginners: A Comprehensive Guide to Profiting from the Global Currency Markets** before purchasing it in order to gage whether or not it would be worth my time, and all praised Forex for Beginners: A Comprehensive Guide to Profiting from the Global Currency Markets:

1 of 3 people found the following review helpful. Two StarsBy GERMANIt's history about Forex, not for an active trader.1 of 4 people found the following review helpful. FairBy William A Ward JrIt was good but not quite what I hoped. I was looking for technical analysis not a basic primer on Forex. I didn't leard anything new.7 of 7 people found the following review helpful. Great Book, Modest but InformativeBy ForExThe best part about this book is that it doesn't promise you to get rich or try to blind you with big returns like other books (or egos.) Rather, the author gives his humble opinion, which is backed by insightful logic, and solid analysis and experience, in order to help the reader start thinking about how to approach ForEx. A great read for any individual investor who is looking to diversify

their portfolio or business student who is considering a future in investment management.

"Backed by a comprehensive list of studies, this book is a brilliant contribution on the connections between exchange rates and economics."
