Being a New Zealander, a business person and running a charity gave me a lot of interest in what Making A Difference would cover.I was not disappointed. In a very autobiographical style Owen talks of every aspect of his life from childhood through to now. His lessons in top level leadership will be helpful to anybody tasked (or privileged) to lead an organisation or a group of people however small or large.The challenge from this book is, what are you going to do to make a difference??A GREAT read!0 of 0 people found the following review helpful. Great insights from a man who sacrificed a lot to be successful and gave back to the people of new Zealand and the worldBy ChrisGreat insights from a man who sacrificed a lot to be successful and gave back to the people of new Zealand and the world

The story behind Sir Owen Glenn's global business success and major philanthropic contributions.From humble beginnings in New Zealand, Owen Glenn built up a highly successful global business empire and now he is focusing his wealth to deliver significant philanthropic benefits here and overseas. This fascinating memoir gives insight into Owen's business philosophies and commercial strategies, especially regarding international business expansion and success. It also describes how Owen is now using his considerable energies to contribute to the world in a philanthropic sense through the Glenn Family Foundation. In addition, it covers some of his ideas about the best way forward for New Zealand. He is keen to see the country he loves succeed. This is a great read, inspiring and aspirational for every New Zealander.
