From Island Press : Making Development Sustainable: Redefining Institutions Policy And Economics before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Development Sustainable: Redefining Institutions Policy And Economics:

Making Development Sustainable is an integrated series of essays on the policies for sustainable development from

one of the leading policy research institutes for environmental and development issues.

About the Author Making Development Sustainable was produced by the International Institute for Environment and Development, a leading independent center for environment and development issues, based in London. Editor, Johan Holmberg is director of the IIED 1992 Programme.
