Monder Ram : Managing Labour in Small Firms (Routledge Studies in Small Business) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Managing Labour in Small Firms (Routledge Studies in Small Business):

The majority of employees currently working in the private sector are now employed in small firms, yet little is known

about their working conditions. This collection of essays addresses this gap. Based on theoretical analysis supported by contemporary empirical evidence, the book explores key areas of the employment relationship adding a new perspective to our understanding of contemporary work.

'I would highly recommend this excellent book to all those with an interest in managing labour in smaller firms. It would prove very useful and informative to a wide readership including policy makers, business advisers, researchers, students and owner/managers.' - Education + Training

About the Author
Dr Susan Marlow is Reader in HRM at De Montfort University. She has extensive experience and an international reputation in the field of small HRM research, having her work published in leading academic journals such as *Entrepreneurship*, *Theory Practice*.
Dr Dean Patton is Principal Lecturer, Dept of Strategy and Management, De Montfort University; he has undertaken research and consultancy within and on behalf of small firms. His current research interests focus on the evaluation of small firm policy, and training and management development within smaller firms.
Professor Monder Ram is Professor of Small Business, and Director of Small Business and Enterprise Research Group, at De Montfort University. He has extensive experience of working in, researching, and acting as a consultant to ethnic minority businesses. He is author of 'Managing to Survive - Working Lives in Small Firms', and 'Ethnic Minorities in Business' (with T. Jones).
