If it had it to do over ...By nkennedyThis is a really well done and incredibly helpful book. It gives detailed information about how various steps are handled and most importantly, provides arrows identifying where to find the fields identified in the steps. I bought this along with Salesforce for Dummies and this is by far the better book. If it had it to do over again, I would just buy this one and forget the Salesforce for Dummies. This is infinitely more useful and user friendly.6 of 6 people found the following review helpful.
