**Mari Sandoz : The Cattlemen: From the Rio Grande across the Far Marias, Second Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cattlemen: From the Rio Grande across the Far Marias, Second Edition:

0 of 0 people found the following review helpful. Five StarsBy David E.Very well researched, constructed, and developed.0 of 0 people found the following review helpful. Five StarsBy Cary AndrasPrecisely what I wanted before I anticipated it.0 of 0 people found the following review helpful. Five StarsBy PlugOne of the best books on the Cattle

Drives North. Must read for any History buff.

The Cattlemen is the story of the cattle industry in America and of the men whose ranches reached from the Rio Grande into Montana, from the early Spanish days to Mari Sandoz's contemporary times. It is the second in Sandoz's trilogy of books narrating the history of the American West in relation to animal species.

"This thundering book by the author of Old Jules is the story of the vast cattle industry of the American West; stupendous in length, concept, and achievement, it is the result of a lifetime of knowledge and research. . . . The whole story is here, long but never dull, written with humor and understatement."—Kirkus
