Stephen B. King, Marsha King, William J. Rothwell : The Complete Guide to Training Delivery: A Competency-Based Approach before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Guide to Training Delivery: A Competency-Based Approach:

4 of 5 people found the following review helpful. Good Guide for performance improvementBy PeterWuI highly recommend this book. The book is very thorough in its coverage, east to read, and easy to implement.This book explain the importance of each delivery competency to the effectiveness of a training program, then provides strategies

for mastering and applying each skill in training situations. Outlines outstanding training delivery skills based on the latest research in the field, and presents 14 key competencies that the International Board of Standards for Training, Performance, and Instruction has identified for success in delivering group training. 4 of 7 people found the following review helpful. Very educational. By Terry A. McCoy. The book was very educational. The authors really knew what they were talking about. They understood how tough it can be to be a trainer and the obstacles we are faced with every day. They gave an abundance of information to overcome any training hurdle.

This guide provides trainers with ways to apply 14 key skills in order to become effective trainers. The skills required include how to: analyze materials and learner information; establish credibility; communicate effectively and provide positive reinforcement.

"...everything (trainers) need to know about the delivery of classroom training.... the book is extremely thorough and organized...." -- Training
"I highly recommend this book. The book is very thorough in its coverage, easy to read, and easy to implement." -- Performance Improvement Quarterly, James D. Russell, Purdue University
Each chapter provides a comprehensive discussion of a delivery competency, along with strategies and guidelines for applying it successfully. -- Performance Improvement Quarterly Volume 14, Number 3/ 2001
This book would be a great textbook for teaching competencies in training delivery or as a self-directed learning tool. -- Shirley Copeland, Ed.D., Learning Resource Group, LLC
