Mel Silberman : The Consultant's Big Book of Reproducible Surveys and Questionnaires: 50 Instruments to Help You Assess and Diagnose Client Needs (Consultant's Big Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Consultant's Big Book of Reproducible Surveys and Questionnaires: 50 Instruments to Help You Assess and Diagnose Client Needs (Consultant's Big Books):

1 of 1 people found the following review helpful. False AdvertisingBy Dwayne SimpsonThe purchase was supposed to provide downloadable templates. They do not work as advertised. I will return this book.2 of 2 people found the following review helpful. Very very goodBy J. LugoIrsquo;ve had this book for years and have worn it out. I wish the authors would write a new book with new topics. Organizations change, priorities change, and we need new tools all

the time.5 of 6 people found the following review helpful. A must haveBy Laurent GrandissonAll internal/external, junior/senior consultant or you have to do a specific consulting job in your organization or for a client, this book is an excellent tool to give you the basic (and more) to help you to diagnose. Being a "junior" I found them easy to use and "implement" and the results had high impact on my surprised customers. It helps to build your "legacy" as a consultant. I recommend as well: The Seven C's of Consulting: The Definitive Guide to the Consulting Process, Second Edition The Consultant's Big Book of Organization Development Tools : 50 Reproducible Intervention Tools to Help Solve Your Clients' Problems
