**Alan Weiss : The Consulting Bible: Everything You Need to Know to Create and Expand a Seven-Figure Consulting Practice** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Consulting Bible: Everything You Need to Know to Create and Expand a Seven-Figure Consulting Practice:

1 of 1 people found the following review helpful. Great book. By Fisher No need to reinvent the wheel. Alan provides much direction and guidance in this book for any consultant. The book could possibly be better written leading to only

four stars. Alan has taken this book to a 80-85% level and as with anything in life to move the product up much from there would require exponentially more work. For the price, this book is a slam dunk. Just a side note, if you have nothing to consult on this book will not be of much use as it does not teach you how to generate intellectual property. What it does teach is how to take your intellectual property and market yourself with conviction and confidence. 0 of 0 people found the following review helpful. Five Stars By Darcy thanks! 0 of 0 people found the following review helpful. Good go to guide if starting a consulting practice By Raul Ramsay Ibarra Being a consultant is not something you learn entirely through formal education. Being able to read from another professional the recipe of marketing and client acquisition has helped me and my practice a lot. Looking forward to the complete implementation and comeback with an updated review.

Everything you need to know about building a successful, world-class consulting practice Whether you are a veteran consultant or new to the industry, an entrepreneur or the principal of a small firm, The Consulting Bible tells you absolutely everything you need to know to create and expand a seven-figure independent or boutique consulting practice. Expert author Alan Weiss, who coaches consultants globally and has written more books on solo consulting than anyone in history, shares his expertise comprehensively. Learn and appreciate the origins and evolution of the consulting profession Launch your practice or firm and propel it to top performance Implement your consulting strategies in public and private organizations, large or small, global or domestic Select from the widest variety of consulting methodologies Achieve lasting success in your professional career and personal goals The author is recognized as "one of the most highly regarded independent consultants in America" by the New York Post and "a worldwide expert in executive education" by Success Magazine Whether you're just starting out or looking for the latest trends in modern practice, The Consulting Bible gives you an unparalleled toolset to build a thriving consultancy.
