Five StarsBy samsonitegood0 of 0 people found the following review helpful. One of several important books on the topicBy AliceOne good thing about this book is that it's comprehensive.Still, I recommend that you buy other books on the topic as well.And even if you are not going into graphic design, you'll find thisvery useful as long as you are working in the commercial art business.

The go-to guide for graphic designers who want to run their own shop and improve their bottom line.First published in

2001, *The Creative Business Guide to Running a Graphic Design Business* set long-needed standards as the first comprehensive management manual for the graphic design industry. Now brought up-to-date, it describes current, best-practice procedures for firms of all sizes operating in an industry that is both fast-evolving and increasingly competitive.
