**William Gervase Clarence-Smith : The Economics of the Indian Ocean Slave Trade in the Nineteenth Century** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Economics of the Indian Ocean Slave Trade in the Nineteenth Century:

1 of 1 people found the following review helpful. Lots of info, but not for the laymanBy SMSThis book undoubtedly

contains a lot of information and data, but didn't suit my purpose for reading it. Reading it as a layman I'd like to get a feel of the bigger picture rather than all the statistical details which ends up being a bit dry. This is not to say that the details aren't important, not at all. but it means that this book is probably better suited for someone looking to do in depth research on the topic.
