Refresher into Human Resources Decided this was the book. Easy to read chapters for quick preview and enough content to not be overwhelmed. Great book to pick up and read about Human Resource Policies. Don't expect serious law-based information as that would be more textbook oriented. 4 of 4 people found the following review helpful. Good read By richard f. watson III It is a good book for managers who are getting their feet wet. Very broad data points but it is a good refresher for managers to remind them of their roles. If you want the how to version for HR this is not it. 3 of 3 people found the following review helpful. Fantastic....
