Steve Encell, Si Dunn : The Everything Online Auctions Book: All You Need to Buy and Sell with Success--on eBay and Beyond (Everythingreg;) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Everything Online Auctions Book: All You Need to Buy and Sell with Success--on eBay and Beyond (Everythingreg;):

0 of 0 people found the following review helpful. Good starter bookBy Mary L. NemesLots of good ideas in this book but it could be updated often. because this is a lucrative business and somebody is always starting some other online thing. Now online garage sales as well.7 of 7 people found the following review helpful. Some Useful Info But Dated-and Yahoo Don't Have Auctions in the US AnymoreBy darkguardian2The book covers most of the culture surrounding auctions from both the buyer and sellers point of view.It provides a very good guide for reducing hassles between buyers and sellers.Though it was published in 2008, more than half it's content is out of date.The author covers eBay, Yahoo, , and uBid. He goes into gross detail on how to work in each system.Unfortunately, two of the four are no longer conducting auctions in the US and uBid requires the seller be an actual business and a lengthy

process just run auctions on its site. I call books like these "books of the moment". They maybe true when the author wrote them but not necessarily true now. The sign up process for eBay can change considerably since the book came out. For this book and others like it, to provide this much detail is only setting themselves up for a very short shelf life. The book is easy to read but towards the end began reading like a brochure. If you get the book, don't read it end to end like I did. Much of it is obsolete but you will gain some interesting insight on auctions that can be useful. Borrowed the book as a Prime Member

The Everything Online Auctions Book is an inside look at how to buy or sell anything on eBay and other notable online auction sites. Steve Encell, one of the most successful dealers in the field of online auctions, gives readers the real low down on the online marketplace. Includes: Finding the right sites to buy or sell Tips on how to avoid scams, fraud, and identity theft Taking advantage of perks and promotions Organizing and maximizing business earning potential 50-plus screenshots for step-by-step instruction

About the Author Steve Encell (Santa Barbara, CA) has been running his own successful antiques, art, and collectibles business for more than fifteen years. He has averaged earnings of at least \$100,000 a year exclusively via online auctions. Si Dunn (Denton, TX) is a veteran freelance writer whose credits include newspaper articles, magazine articles, screenplays, and a book.
