The New York Times : The Fall of Lehman Brothers before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Fall of Lehman Brothers:

1 of 1 people found the following review helpful. EXCELLENT By hassel hill jr Excellent. It identifies the greed of Wall Street and how little they care about our society. I have read all of the important books on the 2007/8 financial disaster and this one is a must read for a complete understanding. It also shows how weak the tools the regulators have to deal with these messes. 0 of 0 people found the following review helpful. Four Stars By Peter Very informative. 0 of 0 people found the following review helpful. Five Stars By JCR Arizona Super!

This e-single, a compilation of New York Times articles, examines the collapse of Lehman Brothers. The failure of

this major investment bank in September 2008 snowballed into a full-blown panic. By the time it was over, other major financial institutions had to be saved, necessitating the involvement of the federal government on a massive scale. Why was Lehman the only bank that was not considered too big to fail? Understanding Lehman's unique situation and the reasons it was allowed to die goes beyond apportioning responsibility for the financial crisis and the recession that cost millions of ordinary Americans jobs and savings. Today, long after the bailouts, the debate continues over the role of the Federal Reserve in a crisis like the one precipitated by the overnight collapse of Lehman Brothers.
