By Woodie
While reading this book initially, I felt I was wasting my time as the author tried to cover a lot of areas outside forex trading making this a medley of self help books. Later in the book however he started to include more relevant content to trading and I felt I got something out of it that is worth my time.
For those who hasn't read self help or motivational books before, this might be a book for you. I had an expectation that this book is a tailored one to Fx trading so I was a bit disappointed. This objective of making this book Fx specific could have been done in one tenth of the pages I believe.

By Darryl
What great in site's on the trading Forex. The thing I love about Jared is that he shares his Christian principles in the book, and they are good rules to live by and trade by. Here is a master trader that shares loosing \$400k in a couple of hours and talks about and explains how emotions take out traders. This book should be read by any trader at any level.

Jared Martinez traded the forex market for a decade through the 1980s and 90s before he discovered that successful trading requires 10 percent skill and 90 percent emotional intelligence. He founded the Market Traders Institute on that underlying principle, and now MTI is the most established leader in forex education worldwide. Jared is known as "FXCHIEF" in the industry, and now, in *The Forex Mindset*, he shares his secrets with you. Leadership experts and corporate executives are just waking up to what the FXCHIEF has known for more than 15 years—emotional intelligence matters. With *The Forex Mindset*, you get up close and personal with greed and fear, the two leading forces in the market. Everyone gets in for greed, but without a healthy understanding of fear, you may be in for one of the worst journeys of your life. This performance-oriented guidebook features a potent synthesis of psychology and strategy that will exponentially increase your ability to acquire wealth as a trader. Even veteran traders with bulletproof trading strategies are doomed to fail if they don't know themselves. *The Forex Mindset* prepares you to be a successful trader by helping you identify your unique psychological strengths and weaknesses and how you naturally behave in times of financial crisis. With a newfound understanding of yourself, you can use this book to map out your own path to wealth by:
Delving into human nature and market behavior
Learning how to improve your emotional intelligence
Doing what top traders do to control their emotions in trades and in times of crisis
Implementing authoritative strategies for effective thinking in a state of fear
If you want to make a living from trading forex, apply the lessons in *The Forex Mindset* and you're already 90 percent there!
