0 of 1 people found the following review helpful. Four Stars By LH Lee Book in good condition
6 of 17 people found the following review helpful. Trading or investing By Eugene H. Steele This is a fundamental approach that will not help a trader. Save your money if you trade.

The Forex Options Course is a practical, hands-on guide to understanding and trading forex options. Designed to build a trader's knowledge base in a step-by-step manner, this reliable resource moves from the straightforward to the more sophisticated with discussions of everything from basic plain vanilla calls and puts to intriguing first-generation exotic binary options. Written in a straightforward and accessible style, The Forex Options Course will help you develop the skills and strategies needed to succeed in today's dynamic forex market.

From the Back Cover
Praise for THE FOREX OPTIONS COURSE
The Forex Options Course is a practical, hands-on guide to understanding and trading forex options. Designed to build a trader's knowledge base in a step-by-step manner, this reliable resource moves from the straightforward to the more sophisticated with discussions of everything from basic plain vanilla calls and puts to intriguing first-generation exotic binary options. Organized as a self-paced guide, The Forex Options Course: Lays out the key elements of forex options—;from how option premiums are impacted by volatility to the basic elements of "the Greeks" Highlights different forex option strategies and tactics Breaks down essential forex market drivers s important chart patterns that identify conditions for entering a trade and display market sentiment Learning about trading must be interactive, so throughout the book, you'll also find "assignments" that test your skills. They're designed to help you assess how well you understand the material, and guide you in finding and using valuable information for scanning currency conditions. Filled with in-depth insights and practical advice, The Forex Options Course will help you develop the skills and strategies needed to succeed in today's dynamic forex market.
