Javier Paz : The Forex Trading Manual: The Rules-Based Approach to Making Money Trading Currencies (Professional Finance Investment) before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Forex Trading Manual: The Rules-Based Approach to Making Money Trading Currencies (Professional Finance Investment)*:

4 of 4 people found the following review helpful. Beginning ForexBy roblis13I have been a beginning forex trader for almost 4 years now (slow learner!) and must say that this book details some very important concepts that I learned the hard way. Well written with many good resources listed for expanding your trading knowledge and tool chest.2 of 2 people found the following review helpful. Love itBy Richard OglesbyI really enjoyed this book. While so many investing and trading books point you to concepts and leave you to figure out the details on your own, this one walks you through a comprehensive step by step process to actually monetize the concept. Its one thing to identify a signal, its another thing to make money on it, this book focuses on the latter, which has been a big gap in the market.1 of 1 people found the following review helpful. Great starting point for Forex TradersBy PakordGreat book for everyone to read. It not only covers the FOREX Market basics, but also gives you specific strategies and a lot of websites, forums, magazines so you can keep informed as a trader. Also this books covers all the regulatory instances for FOREX, which is also very important to keep in mind.

A leading educator makes Forex investing as easy as driving a car In *The Forex Trading Manual*, Javier Paz provides easy-to-understand examples of long- and short-term strategies, best practices for navigating the economic calendar, and applications for trading a variety of currencies. To make this complex subject simple, he draws analogies between the different steps of trading in this market to the steps of turning on and driving a car. Yoursquo;ll learn: Need-to-know facts about the Forex market Effective trading strategies Ways to build a coherent Trading Plan Everything you need to know about return on investment and risk Javier Paz founded formed FXBriefing, a boutique research firm serving institutional investors, corporate finance officials, and members of governments. In 2007, he launched ForexDatasource.com, which helps Forex traders make better choices. Paz is the creator of the FX Hound and mktNus fx technology, the broker dealer ranking methodology, and of forecasting models such as the Fundamental Market Value (FMV) of currencies.

About the AuthorJAVIER H. PAZ is a veteran forex trader and a recognized online trading industry expert. As senior analyst for the Boston-based Aite Group, Javier evaluates trends in the active trading industry and is regularly quoted in the financial media (Wall Street Journal, Reuters, and Bloomberg). He has also served in trading industry events as keynote speaker, judge, and panelist. Prior to the Aite Group, Javier launched ForexDatasource.com, ran the institutional desk of retail FX broker IBFX, and worked as an analyst in the fixed income and derivatives desk of Credit Suisse First Boston and BankBoston.
