Niall Ferguson : The House of Rothschild: Volume 2: The World's Banker: 1849-1998: Volume 2: The World's Banker: 1849-1999 before purchasing it in order to gauge whether or not it would be worth my time, and all praised The House of Rothschild: Volume 2: The World's Banker: 1849-1998: Volume 2: The World's Banker: 1849-1999:

0 of 0 people found the following review helpful. Must read By michael g. Truly interesting reading about the history of significant western European family who climbed their way to the top of banking and financial success and fame. 0 of

0 people found the following review helpful. I recommend it very highlyBy Mirhashem ZiaIt was extremely interesting and educational. I am impressed by the length of the time that the author has put in writing it. It is very rich and instructive book. I recommend it very highly.1 of 1 people found the following review helpful. Five StarsBy GeraldNeil Ferguson is one of my favourite writers. A compelling research; unlocked my questions about Rothschild.

A major work of economic, social and political history, Niall Ferguson's *The House of Rothschild: The World's Banker 1849-1999* is the second volume of the acclaimed, landmark history of the legendary Rothschild banking dynasty. Niall Ferguson's *House of Rothschild: Money's Prophets 1798-1848* was hailed as a "great biography" by *Time* magazine and named one of the best books of the year by *Business Week*. Now, with all the depth, clarity and drama with which he traced their ascent, Ferguson - the first historian with access to the long-lost Rothschild family archives - concludes his myth-breaking portrait of once of the most fascinating and power families of all time. From Crimea to World War II, wars repeatedly threatened the stability of the Rothschilds' worldwide empire. Despite these many global upheavals, theirs remained the biggest bank in the world up until the First World War, their interests extending far beyond the realm of finance. Yet the Rothschilds' failure to establish themselves successfully in the United States proved fateful, and as financial power shifted from London to New York after 1914, their power waned. "A stupendous achievement, a triumph of historical research and imagination." —Robert Skidelsky, *The New York Review of Books* "Niall Ferguson's brilliant and altogether enthralling two-volume family saga proves that academic historians can still tell great stories that the rest of us want to read." —*The New York Times Book Review* "Superb ... An impressive ... account of the Rothschilds and their role in history." —*Boston Globe* Niall Ferguson's new book *The Square and the Tower: Networks and Power, from the Freemasons to Facebook* will be published in January 2018.
