Christine Heinrichs : The How to Raise Chickens (FFA) before purchasing it in order to gage whether or not it would be worth my time, and all praised The How to Raise Chickens (FFA):

2 of 2 people found the following review helpful. Great book. Lots of information. By G. BookI bought this as a gag for my 3 and 9 year old daughters who kept talking about chickens. "If you girls keep talking about chickens, I can get you a book on how to raise chickens for Hanukkah! Instead of any other gift" Eventually they got the hint and stopped talking about chickens, however I got the book anyway and the book is actually pretty good. 2 of 2 people found the following review helpful. It's got nice glossy pages with photos By Sarah Childers This is a must have book for anyone thinking about raising chickens. Even if you have a small backyard, you can still have chickens and fresh eggs. It's got nice glossy pages with photos, so my kids loved reading this book too. 3 of 3 people found the following review

helpful. Not what I expected. By Jennifer I was hoping for a book with a lot more information on raising chicks the first few months. It touches on this area in a few paragraphs but that is about it. If you are looking for thorough insight into chicken breeds and their history, or how to hatch chicks from eggs, then this is the book for you. Otherwise, not so much.

Whether you want to raise 5 chickens or 50, whether you have a 40-foot city lot or a 40-acre farm, the expert advice in this hands-on guidebook makes it easy for you to get started raising a healthy flock. Whichever comes first for you, the chicken or the egg, this book will show you what to do next with longtime chicken breeder Christine Heinrichs explaining all the helpful DOs and important DONs. This brightly illustrated, full-color guide will prove an indispensable resource for anyone interested in raising their very own flocks.

About the Author Christine Heinrichs is the author of *How to Raise Chickens* and *How to Raise Poultry* (both Voyageur Press, 2013) and has won many awards over the course of her 30-year writing career. She holds a degree in journalism from the University of Oregon and is a member of the Society of Professional Journalists, the Society of Environmental Journalists, the Northern California Science Writers Association, and Ten Spurs, the honorary society of the Mayborn Literary Nonfiction Conference. She is also a member of the American Poultry Association, where she serves on the Heritage Breeds Committee, the American Bantam Association, and the American Livestock Breeds Conservancy. She lives with her husband, chickens, and cat in Cambria, California.
