**Scott Abel, Rahel Anne Bailie : The Language of Content Strategy** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Language of Content Strategy:

0 of 0 people found the following review helpful. Not that great!By TheWildBoyBasically summary of content strategy. You can find the info on many wikipages.0 of 0 people found the following review helpful. First - Define Your TermsBy David A. LanceAn excellent resource. To understand a new concept, first define the terms. How ideal to do just that along with making the acquaintance of many of the key pioneers in this new content strategy space.0 of 0 people found the following review helpful. Learning all the definitionsBy cherwooThese terms are important to my

professional education. The format is perfect. The fact that 52 leaders in my field contributed makes this a must-have for technical communicators. Great job Scott Rahel. Thanks!

The Language of Content Strategy is the gateway to a language that describes the world of content strategy. With fifty-two contributors, all known for their depth of knowledge, this set of terms forms the core of an emerging profession and, as a result, helps shape the profession. The terminology spans a range of competencies with the broad area of content strategy. This book, and its companion website, is an invitation to readers to join the conversation. This is an important step: the beginning of a common language. Using this book will not only help you shape your work, but also encourage you to contribute your own terminology and help expand the depth and breadth of the profession
