Randall Stross : The Launch Pad: Inside Y Combinator before purchasing it in order to gage whether or not it would be worth my time, and all praised The Launch Pad: Inside Y Combinator:

7 of 8 people found the following review helpful. A Motivational Look Inside YCBy Randall DeggesI've been a long time Hacker News (YC) reader, and when I saw this book for sale I immediately purchased it, although, to be honest, I didn't have high hopes for the content. I figured that since I'm already extremely familiar with the YC stories, this book would be more of the same.Luckily, I was completely wrong.This book is a **MUST READ** for any programmers, entrepreneurs, and aspiring business people hoping to start their own company, work hard, and build something

business at San Jose State University. He is the author of several acclaimed books, including eBoys, Planet Google, and The Wizard of Menlo Park. He has a Ph.D. in history from Stanford University.
