Kathy Lien : The Little Book of Currency Trading: How to Make Big Profits in the World of Forex (Little Books. Big Profits) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Little Book of Currency Trading: How to Make Big Profits in the World of Forex (Little Books. Big Profits):

6 of 6 people found the following review helpful. For the Beginner, But Light on ContentBy Michael H HammAs the book title 'little' this is indeed a very brief intro in the world of forex - a lot of anecdotal stories and not many strategies to speak of.The book's chapter titles will tell you the cliché'd nature of the writing - chapter 3 A's to Z of forex, chapter 6 - investor vs trader, chapter 11 top 10 mistakes.There are 20 pages of decent writing - and it's about the bollinger

bands and a strategy that I have actually never read before. Chapter 8 which covers value investing strategy based on the double bollinger bands and Chapter 9 which covers trading the news. Chapter 8 is a good strategy to have in your arsenal, and this one chapter pretty much will make your 10 bucks a worthy investment. Chapter 9 is fairly similar to all the other trading news strategies out there, with her own opinion of how you should take trades based on how strong the prevailing sentiment is. 0 of 0 people found the following review helpful. Enjoyed and will re read it a few more times. By Graeme McLennan Another great book for new traders in forex, repeats the intros into forex that many books do but also starts looking at simple strategies to get you going. I think its well worth while reading and Kathy is obviously a very successful trader and can be called an authority on trading forex. She has a different view on setting profit targets for trades as opposed to say Jim Brown in his book, but its well worth considering her approach if your psychology suits it. I think its worth reading this a few times. 1 of 1 people found the following review helpful. Excellent introductory book to trading the forexes. Very down-to-earth and highly understandable. It does not provide a great many specific trade strategies but does cover the basics of forex trading quite well.

An accessible guide to trading the fast-moving foreign exchange market The foreign exchange market, or forex, was once dominated by global banks, hedge funds, and multinational corporations, but that has all changed with Internet technology and the advent of online forex brokers. Now, hundreds of thousands of traders and investors around the world can participate in this profitable field. Written by forex expert Kathy Lien, *The Little Book of Currency Trading* will show you how to effectively invest and trade in today's biggest market. Page by page, she describes the multitude of opportunities possible in the forex market, from short-term price swings to long-term trends, and details practical products that can help you achieve success, such as currency-based ETFs. Explains the forces that drive currencies and provides strategies to profit from them Reveals how you can use various currencies to reduce risk and take advantage of global trends Examines financial vehicles that can help you make money without having to monitor the market every day *The Little Book of Currency Trading* opens the world of currency trading and investing to anyone interested in entering this dynamic arena.

From the Inside Flap Once dominated by global banks, hedge funds, and multinational corporations, the foreign exchange market, or forex, is now easily accessible to traders and investors around the world. But in order to make the most of your time in this market, you need to have a firm understanding of how it works. Written by forex expert Kathy Lien, *The Little Book of Currency Trading* shows you how to effectively trade and invest in today's biggest market. Page by page, she describes the multitude of opportunities possible in the forex market, from short-term price swings to long-term trends, and details the practical products that can help you achieve success. Along the way, Lien skillfully explains the forces that drive currencies and provides strategies to profit from them; reveals how you can use various currencies to reduce risk; and take advantage of global trends, and examines what you can do to make money without the stress of monitoring the market every day. Other issues addressed include: Getting started in forex and finding the right approach for you The most commonly made forex mistakes Making the most of slow and steady investing as well as learning the fast and furious approach to forex Avoiding popular forex scams And much more Filled with in-depth insights and practical advice, *The Little Book of Currency Trading* opens the world of currency trading and investing to anyone interested in entering this dynamic arena. From the Back Cover Praise for *THE LITTLE BOOK OF CURRENCY TRADING* "A Japanese proverb says, 'If you wish to know the road, inquire of those who have traveled it.' My friend Kathy clearly knows the FX road. Her wonderful book fuses together her years of real world trading experience with her skills at making the topic easy to understand (and fun!). This is a book that belongs on every forex trader's shelf no matter their level of experience." —Steve Nison, CMT, President, www.nisonfx.com, and author of *Japanese Candlestick Charting Techniques* "Kathy Lien is one of the best and brightest in the currency field. Her new book is a definite must-read for all new Forex traders. Kathy explains in an easy-to-understand yet practical format how to get started in currency trading." —Andrew B. Busch, Global Currency and Public Policy Strategist, BMO Capital Markets "Kathy Lien is one of the savviest currency analysts — *The Little Book of Currency Trading* will teach you more than just the basics!" —Alexis Glick, former anchor for Fox Business Network's *Money for Business* and *The Opening Bell* About the Author KATHY LIEN is the Director of Currency Research for Global Forex Trading (GFT), a Division of Global Futures Forex, Ltd. She also runs an FX signal service, *BK Forex Advisor*, with Boris Schlossberg. Prior to joining GFT, Lien was the chief strategist of *DailyFX.com* and an associate at JPMorgan Chase, where she worked in cross-markets and foreign exchange trading. As an internationally renowned currency strategist, Lien specializes in combining fundamental and technical analysis. With more than ten years of currency trading experience, Lien is a frequent guest host of *CNBC Asia* and *Sky Business News* and has appeared on *CNBC* (U.S. and Europe), *Bloomberg*, *Fox Business*, and *Reuters*. She is a regular contributor to *Active Trader*, *Futures*, and *SFO* magazines and is quoted by financial publications around the world. Lien is also the author of the two editions of *Day Trading* and *Swing Trading the Currency Market*

as well as Millionaire Traders, which are published by Wiley.
