awoke within me and I returned to this book and read it cover to cover in 24 hours. What an inspiration! Not because I am trying to be a millionaire, but because Brendon's words helped me to realize that my life and message are important and I need to create and share them with the world. Thank you Brendon.....I am eager to start on my journey and am sure I will re-read this book many times along the way. GREAT BOOK!!!!0 of 0 people found the following review helpful. I have something to offer the world and need to deliver it in the right way. This book has all the methods, tactics and details to get your message out whatever it is. I would recommend this to anyone with any desire to share what they have and give back to society their learning, experiences and the message they have to share.1 of 1 people found the following review helpful.
